Count of systems, by letter grade

Legend: ■ A ■ B ■ C ■ D ■ F

- 64; 7%
- 66; 7%
- 48; 5%
- 82; 8%
- 694; 73%
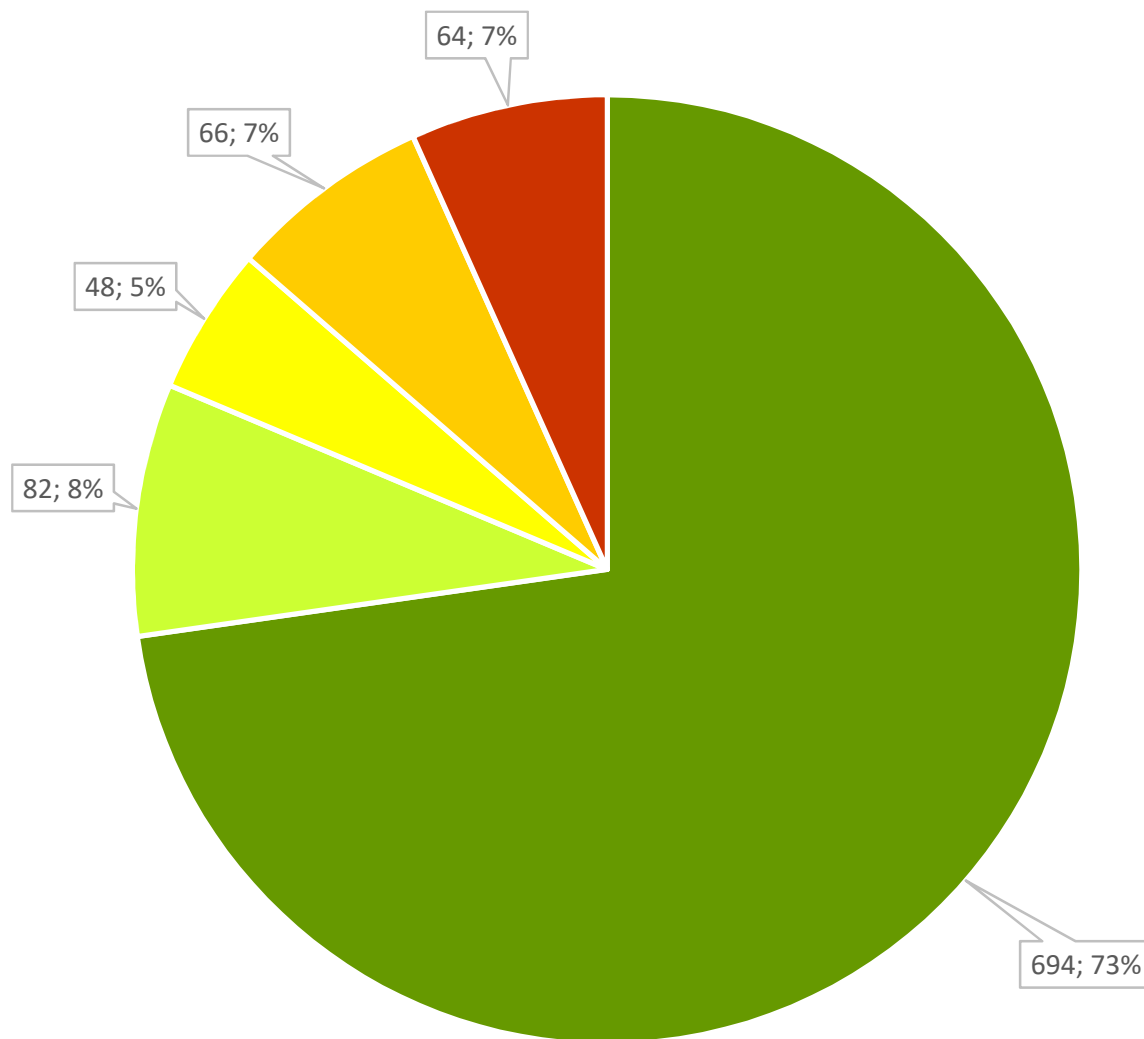

Count of water systems by letter grade. In the callouts, the first number is the count of systems that earned that letter grade, and the second number is the statewide percent of systems that earned that letter grade.
Example: There are 82 systems that earned a grade of B, which equals 8% of all systems in the state.
